

On the Subject of Gatekeeper

"Tell me the password.", the Gatekeeper said.

Note: Make sure you know the English words for the numerals 0 – 99.

- This module features 1 display with a number ranging from 0 – 99 and 3 buttons.
- You will have to press the right button in order to complete the module.

Determining the correct button

In order to press the right button, you will first need to know what number you are looking for. This is very simple, just follow these steps:

1. Take the number that is seen on the display.
2. Take the English word for this number, without spaces:
 - 73 becomes seventythree.
 - **NOT** seventy three.
 - **NOT** seventy-three.
3. Count the number of letters in the word.
 - 0 -> Zero -> 4 Letters
4. The number of letters = The number you need to press.

NOTE: Pressing any button before the timer starts will result in a strike.
