

On the Subject of Perspective Pegs

Everything is different from the perspective of another.

- 1. Find difference between SN's first two letter values.
- 2. If four letters, find difference of both pairs and add.
- 3. Make number positive, take least significant digit.
- 4. Find number in first table, receive five color sequence.
- 5. Find three color sequence in table. Read alternate sequence. If reversed, submit reversed alternate sequence.
- 6. If no sequence found, submit first three colors in five color sequence.

0	3	Red
5	8	Blue
4	9	Yellow
2	6	Purple
1	7	Green

1 - 2 Batteries		3 - 4 Batteries		0, 5+ Batteries	
Prime	Alternate	Prime	Alternate	Prime	Alternate
R Y Y	B P Y	B P B	Y B G	P Y B	R G B
Y P G	P B R	Y Y P	B R P	Y R P	R Y R
