

## On the Subject of Uncomplicating Wires

*Who would think that wires this complex could totally refrain from the Venn Diagram?*

### White Wires

- Only white -> C
- Star -> C
- LED -> D
- Star + LED -> B

### Red Wires

- Only red or red + white -> S
- Star -> C
- LED -> B
- Star + LED -> B

### Blue Wires

- Only blue or blue + white -> S
- Star -> D
- LED -> P
- Star + LED -> P

### Red + Blue Wires

- Only blue + red -> S
- Star -> P
- LED -> S
- Star + LED -> D

### Letter meanings

- C -> Cut
- D -> Don't cut
- S -> If last serial # digit is EVEN, cut
- P -> If there's a parallel port, cut
- B -> If there's two or more batteries, cut
