On the Subject of Not Morse Code
An antiquated gimmick of module complication? What next? At least it's still kinda like Morse Code, so don't sweat it too much.

Use the left and right button to select one of the five possible frequencies available on the module. Each frequency will transmit a different word.
Only one column below contains all five words being transmitted.

Select a frequency and press "XT" to submit that word. Submit the five words in the order they appear from top to bottom within that column.

At any time, you may hold down the "XT" button for three seconds to reset the submission.

shelf	pet	hive	brother	yang	shill	guidance
twine	pounds	query	yeast	twine	eggplant	honey
null	possum	sister	coolant	pit	year	swine
drive	honey	ying	beef	anew	pet	shelf
shell	eggplant	pit	null	yeast	coolant	shall
year	hive	guidance	pence	shill	drive	query
shall	brother	anew	swine	shell	possum	beef

How to interpret

- A short flash represents a dot.
- A long flash represents a dash.
- There is a long gap between letters.
- There is a very long gap before the word repeats.
